2022 Workshop & Training Modules

| Sr. No | Cat No | Description of Training Module | Cost Rs. | Availability |
|-------------------------------|----------|---|-------------------|---|
| FLOWCYTOMETRY TRAINING | | | | |
| 1 | FLAWS | <p>Flow Cytometry Work Shop 1 day Workshop program that provides training lecture and demonstration about Flow Cytometry Basics like Principal, Instrumentation, Applications and 2 hour demonstration in Lab by expert on sample acquisition and analysis. (Batch of 10 students only for Workshop, Certificate of Attendance of Flow Cytometry workshop will be provided.)</p> | 1500/- +18%GST | On Second Saturday in 3 rd , 6 th , 9 th , & 12 th month of 2022, 11am to 5pm |
| 2 | FLOATR | <p>Flow Cytometry Advance Hands-on Training 3 day training design to provide lecture and hands on training of Flow Cytometry. The course involves, Basics of Flow Cytometry like Principal, Instrumentation, Applications, Choosing filters, Antibody selection, Compensation techniques, Cell Gating techniques, Trouble shooting and analysis. 3 days of hands on demonstration with samples, involves sample preparation techniques, sample acquisition, using a single color and multiple color analysis in same cell population using flurophore tagged markers. Certification of completion of Advance Hands on Training in Flow Cytometry provided at the end of training. (Batch of 5 Student)</p> | 8000/- +18%GST | On Fourth Thursday in 3 rd , 6 th , 9 th , & 12 th month of 2022 1pm to 6pm |
| REAL TIME PCR TRAINING | | | | |
| 1 | RTPCR-WS | <p>Real Time PCR Work Shop 1 day workshop program that provides training about Real time PCR Basics like Principal, Instrumentation, Applications demonstration in Lab by expert on sample acquisition and analysis. (Batch of 10 students only Certificate of Attendance of Real time PCR workshop will be provided)</p> | 1500/- +18%GST | On Second Saturday in 1 st , 4 th , 7 th , & 10 th month of 2022, 11am to 5pm |

| | | | | |
|-----------------------------|------------------------|--|-------------------|--|
| 2 | RTPCR-ATR | <p>Real Time PCR Basic Hands-on Training 3 days training session is a combination of lecture and hands on laboratory experience. The course involves Basics of Real time PCR including Principal, Instrumentation, DNA binding dyes and Taq man probe chemistries to study gene expression, Applications and Complete hands on in treated cell harvest & fixation Protocol, RNA extraction by trizol reagent method, cDNA preparation by kit method, RT-PCR run with SYBR green chemistry & data acquisition. Certification of completion of Basic Hands on Training in Real time PCR provided at the end of the training. (Batch of 5 Student)</p> | 8000/- +18%GST | On Fourth Thursday in 1 st ,4 th ,7 th , &10 th month of 2022, 11am to 5pm |
| Cell Culture | | | | |
| 4 | Basic Cell Culture | <p>Hands on training of Cell Culture In this 3 days module we will provide theory about cell culture & its understanding, Cell culture type, techniques & factors influencing culture characteristics, Cryopreservation/thawing. Hands on training includes cell culture techniques, media preparation, Cell counting (trypan blue staining) & seeding in culture plate flask, Cell line handling, media feeding & passaging, maintenance of cell line. Certification of completion of Hands on Training in cell culture will be provided at the end of the training. (Batch of 5 Student)</p> | 8000/- +18%GST | On Fourth Thursday in 2 nd ,5 th ,8 th , &11 th month of 2022, 11am to 5pm |
| General Instructions | | | | |
| 1 | Service Request Form | For students looking for workshop or extensive training we are available online on www.niravbiosolutions.com OR you can Send an email on iabrd@niravbiosolutions.com & Call/Whatsapp on 8380036211 | | |
| 2 | Payments | Payments can be made online on accounts details provided, OR cheque can be drawn on Nirav Biosolutions Pvt Ltd OR by cash by obtaining cash receipt at our office. | | |
| 3 | Lab Entry for Services | It is mandatory to enter in the visitors register and Instrument log book, with in time and out time, you can sit and observe the protocol followed, Instruments to be strictly operated and handled by our trained technicians | | |
| 4 | Lab Entry for Students | Lab entry is strictly allowed only to the students who have enrolled for the training program, based on their scheduled experiments only in presence of the faculty. Students have to carry valid id card which is provided to them at the time of registration along with the payment receipt. Institute has right to deny entry in absence of the same. Make entry and exit note in student register. | | |
